## KIDS CORNER

### MEMORY VERSE OF THE WEEK

#### Ephesians 4:2

"Be completely humble and gentle; be patient, bearing with one another in love."

### DIVE IN

Patience is the ability to calmly wait for something you want or put up with pain or trouble without getting upset or angry. Patience is definitely not a skill you are born with, and it can be very difficult to learn. You will practice patience every day of your life in one way or another, whether you are waiting in line or dealing with an annoying brother or sister who just won't leave you alone!

**Why does God want us to be patient?** First, God wants us to trust in Him and His plan. Even when we don't understand why life doesn't always go our way. God has a plan that is better than we can imagine. **Romans 8:28** says, *"And we know that in all things God works for the good of those who love him, who have been called according to his purpose."* God uses the good, the bad, and the ugly things in life to give us a good life and help us grow, **if we trust in Him!**

Also, by putting the needs of others above our own needs with patience, we love them like Jesus loves us. **How can we do this?** We can sacrifice our time to kindly help others. We can control our anger and frustration when we don't get what we want right away. We can try to understand why someone may take longer to do things.

If you can learn to be patient, you will be much happier in life, and God will be happier too!

### THIS WEEK'S FOCUS

Try to remain **PATIENT** when life feels difficult and when people frustrate you.

**Don't forget your Memory Verse of the Quarter about The Fruit of the Spirit! Galatians 5:22-23**
